KOALA

eg. People at PHS

The first part of the paper discusses the importance of maintaining accurate records of all transactions, including sales, purchases, and expenses. It emphasizes the need for a systematic approach to record-keeping, such as using a ledger or accounting software, to ensure that all financial data is properly documented and organized. This section also highlights the benefits of regular reconciliation and auditing to identify any discrepancies or errors in the records.

The second part of the paper focuses on the importance of budgeting and financial planning. It explains how a well-defined budget can help a business or individual manage their finances effectively, allocate resources wisely, and achieve their financial goals. This section provides practical tips and strategies for creating a realistic budget, monitoring progress, and making adjustments as needed. It also discusses the importance of setting financial priorities and saving for the future.

The third part of the paper explores the importance of understanding and managing cash flow. It explains how cash flow is the lifeblood of any business, and how a positive cash flow is essential for maintaining operations, paying bills, and investing in growth. This section provides insights into how to monitor cash flow, identify potential cash flow problems, and implement strategies to improve cash flow management. It also discusses the importance of maintaining a healthy relationship with creditors and suppliers to ensure timely payments.

The fourth part of the paper discusses the importance of understanding and managing taxes. It explains how taxes can significantly impact a business's or individual's financial situation, and how proper tax planning can help minimize tax liability and maximize income. This section provides an overview of common taxes, such as income tax, sales tax, and property tax, and offers advice on how to stay up-to-date on tax laws and regulations. It also emphasizes the importance of seeking professional advice from a tax advisor or accountant for complex tax situations.

The fifth and final part of the paper discusses the importance of understanding and managing debt. It explains how debt can be a double-edged sword, providing access to capital but also creating financial obligations that must be managed carefully. This section provides insights into how to evaluate the costs and benefits of borrowing, choose the right type of debt, and develop a plan to repay the debt on time. It also discusses the importance of maintaining a good credit rating to secure favorable borrowing terms.

PEOPLE

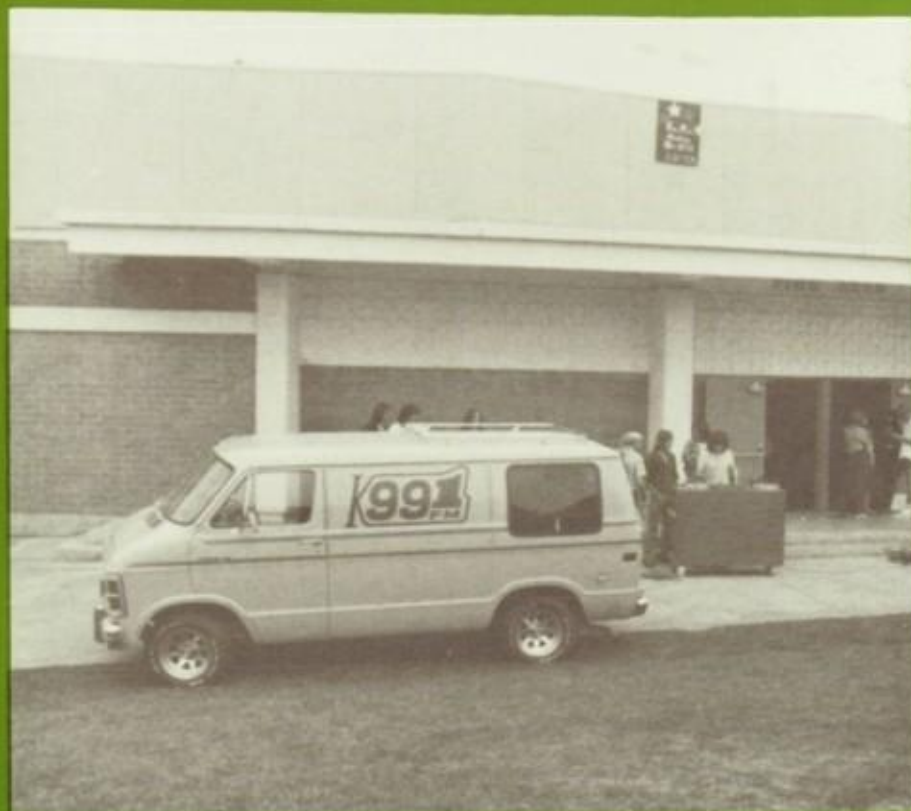

Attention POLY PEOPLE!!! Up until this day, November 8, 1979, many unusual and exciting things have happened. Wait! Let me first fill you in on some background information. The year is: "the year of the conquest"; the school is, Riverside Poly High; the day is Thursday; and people who get involved play an important part. To start out, let us begin with registration. It was a rather uneventful occasion until the students attempted to locate the place where A.S.B. cards and KOALAS were being sold. They searched the entire gym, the girl's locker room, and the dance room, but the A.S.B. officers and KOALA staff had mysteriously disappeared. Finally, after many questions in reference to their plight, the students were told that both sales had been moved to the Little Theatre this year. Next, was the dreaded (here it comes) first day of school. That day wasn't too interesting except that the upperclassmen got a big kick out of watching the FRESHMEN frantically run around trying to find their classes. Then, about the end of September, several SENIOR guys formed a club. They called this exclusive group, F.U.B.A.R., (if you don't know, don't ask). Anyhow, this club really picked up for a while, but at this current date it is on the decline. Better luck next time. The next occurrence was something totally earth-shattering; however, only Southern California shook. What I am referring to, is our several successive earthquakes. These earthquakes caused no major damage, but they received a great deal of attention. Toward the middle of October, Homecoming preparations began. The first night of float building, many class members made their way to their respective float sites, only to find out that they had misunderstood, and instead of "float building" it was "float bombing". The SENIORS created a totally awesome float, which took 1st place; the FRESHMEN had an excellent representation, which took 2nd place; the SOPHOMORES had an interesting idea, which took 3rd; and the JUNIORS, well... they tried. While I was discussing clubs, I totally overlooked a very minor one, called "The Turtle Club". This club was formed by several JUNIOR guys, who, at this date, are attending Mr. Roy's 4th period chemistry class. The true meaning of this club is known to few people. Why? Because no one really cares. After Homecoming the activities slowed down, and so I am leaving this report to be concluded on the last page of your yearbook. (This is before the supplement.) See ya around, Bye, Sincerely yours, Love, Respectfully submitted,

The Editor

HOMECOMING

FLOATS

Jesters "Do it on the Stage" Greek style at "The Awards Ceremony".

"The Olympics: Generations of Competition" was the year's theme for Homecoming. Class and club floats paraded from the Riverside Plaza to Poly's campus led by Poly's band, drill team, and Cavalier's club. Pep squad members, old and new, led a rally at Poly's field followed by a picnic. Attired in togas, the students participated in dunking booths, frisbee contests and car demolition. The March Air Force Band provided music throughout the day.

Highlights of the night included a live, performing bear, and an airplane flashing what else but "Bear Country". Crowning of the Queen climaxed the half-time activities. The crowd had looks of excitement, surprise, and happiness. Who would it be? Commissioner of Homecoming, Donara Donner, and Commissioner of Publicity, Brian Crance, held the audience spellbound with, "The envelope please... The 1979 Homecoming Queen is TRACY MOORE!" Amidst thundering applause, screams, and tears, the lights blacked out and fireworks burst through the air exploding in a shower of color. As if shot by the same fireworks Poly's Bears returned to the field for a triumphant 21-6 victory over Norco. Alumni and students danced until one o'clock to the beat of the band "Exit". Participation, excitement, suspense, fun... HOMECOMING... It's traditional.

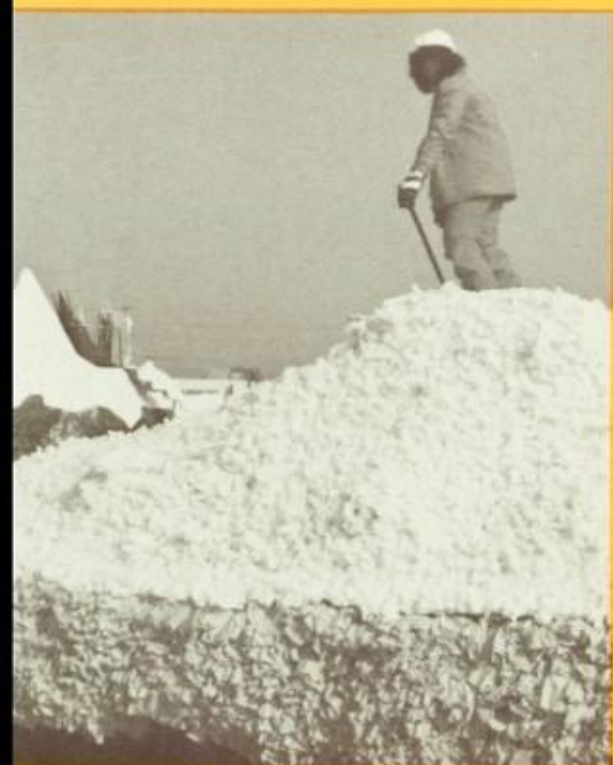

The Humanities float; "Olympic Weightlifting".

Key Club presents the "Olympic Salute".

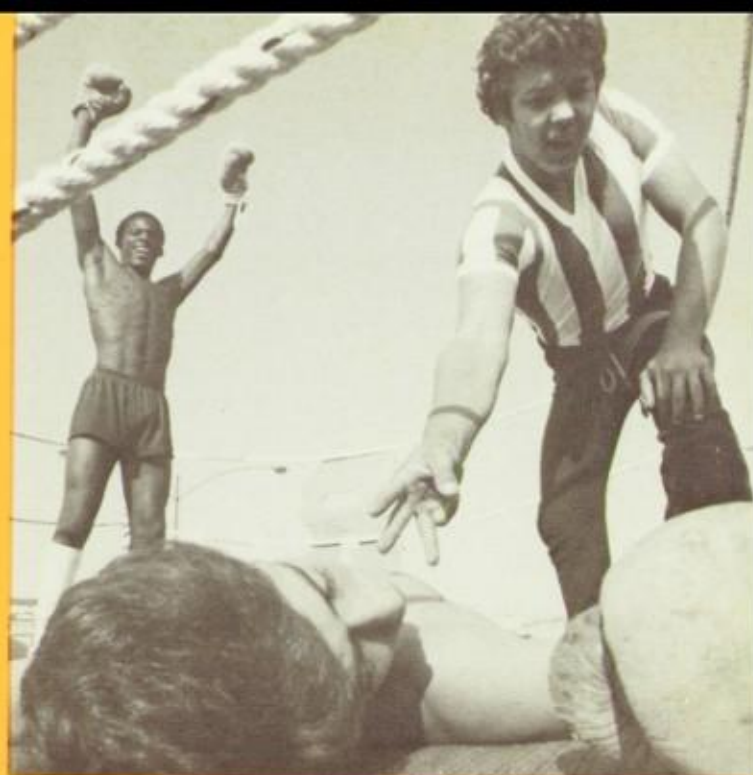

Pep Squad, old and new, guided the parade to Poly leading chants and yells.

3rd place club winner, the Cavalier's Club, demonstrates "Winter Skiing".

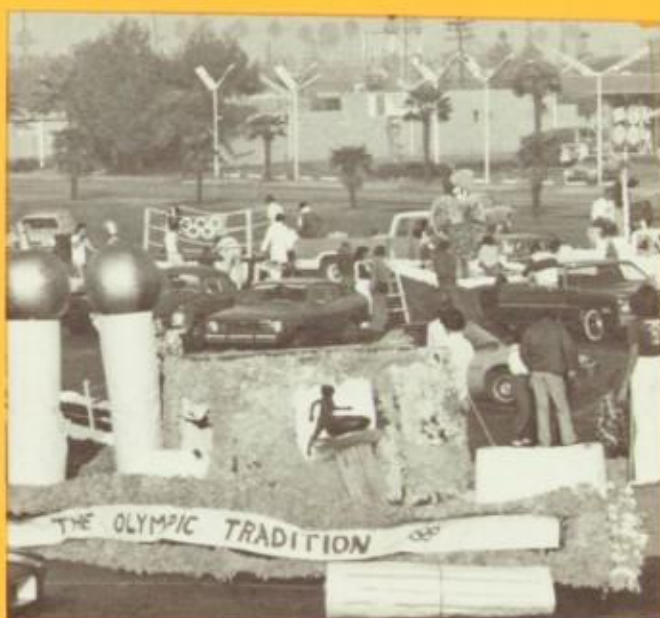

The B.S.U. float takes second place in the club competition with "Breaking the Color Line".

Lettermen's float "Boxing for Gold" was decked in competition.

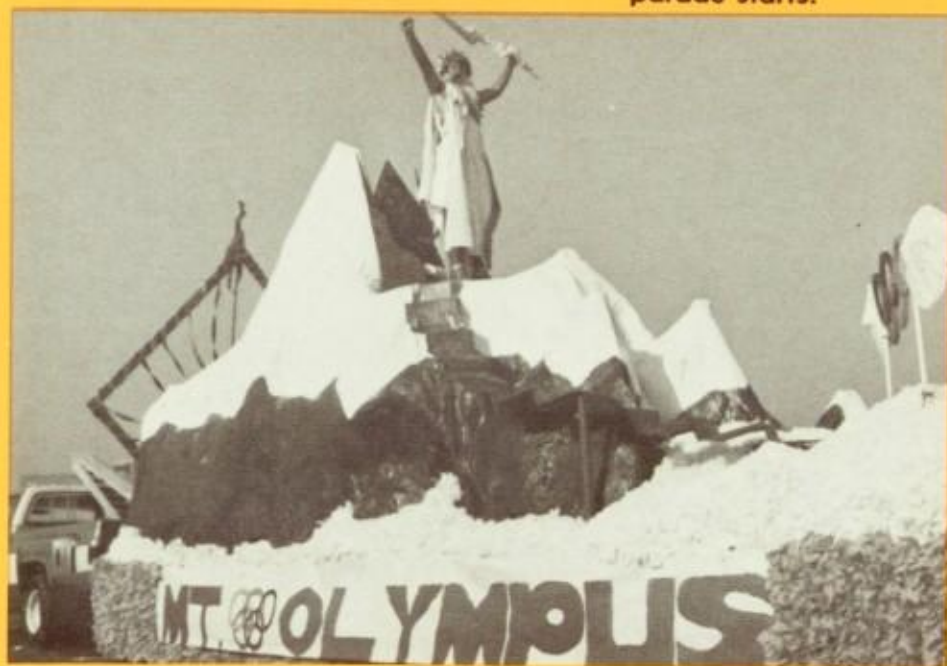

The Freshmen class proved to be excellent float builders with "The Thrill of Victory".

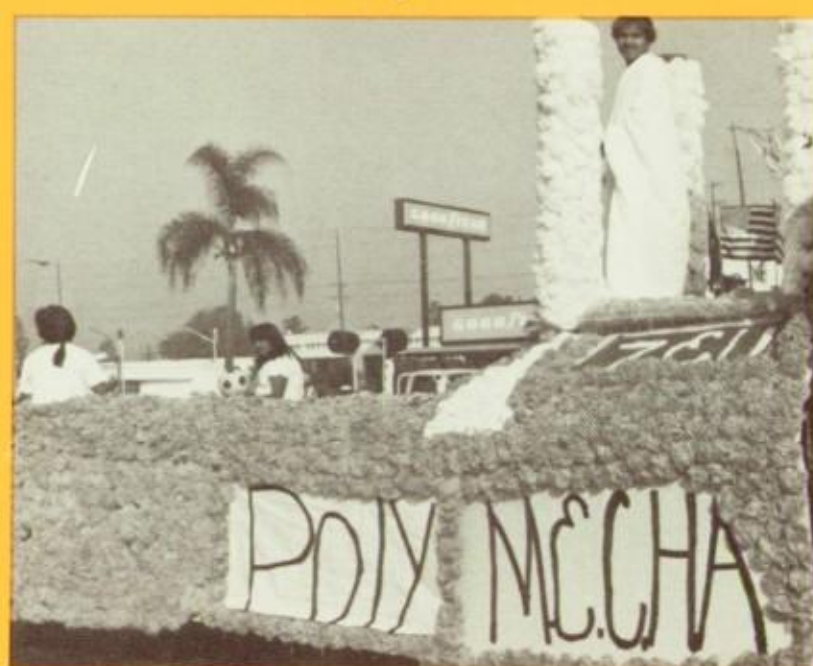

Members of the Junior class look on wondering what will happen to their float, "The Olympic Tradition", once the parade starts.

Tina Marie "HI"vey adds to the Homecoming festivities with her skates and sign.

The Senior class took 1st place, for the 3rd consecutive year, with "Mt. Olympus".

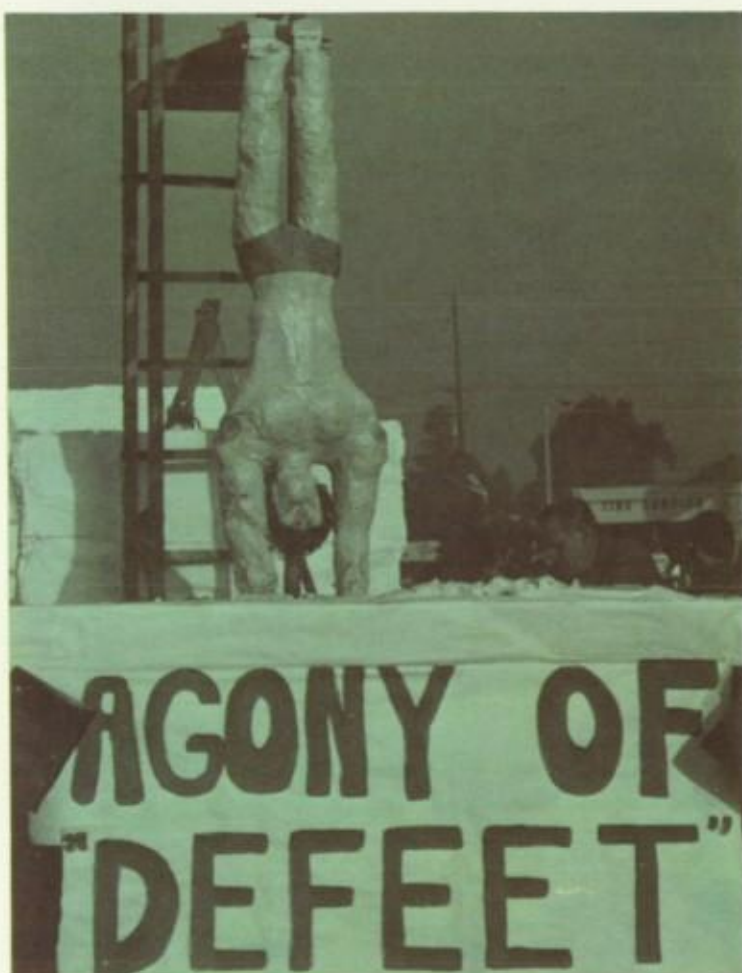

The MECHA float shows their version of "Zeus' reign over the Olympics".

Girl's League flaunts their spirit with their float "Support Girl's Sports".

"Flags of the Olympics" flies over C.S.F.

Instrumental Music's float "Agony of Defeat" received 1st place in club competition.

The Sophomore class enters the Olympic competition with "Ice Skating".

F.B.L.A. "Salutes Olympic Ice Skating".

Vocal Music shows Olympic spirit with "The Stands of the Olympics."

STUDENTS SPEAK

Ronnie Forbes, President of House of Advisory, stands by this tree like he stands by his fellow students.

Students Are Heard

An increasing number of Poly students are discovering solutions to their campus problems through involvement. The efforts of two organizations, the House of Advisory and the Activities Council, were almost entirely devoted to promoting greater participation in all the activities.

The House of Advisory Representatives were elected by their classmates to discuss current issues and problems, and to gain insight on the opinions of the student body. One of their greatest accomplishments was the establishment of a committee to improve the communication gap between the teachers and the students. Their promotion of the blood drive and the campus clean-up campaign was extremely successful.

The Activities Council open to all interested students is a very active and creative group. They helped to decorate for the Mid-Winter Ball and the Homecoming Dance. They were also found amid the utter chaos of the Nominating Convention.

The Instrumental Music Department had an interesting year. Director, Richard Hensely, resigned second semester leaving the band groups without a leader. But as always, the band members shined through. They continued to perform at Pep Rallies, put on their own Pop Concert and went to additional competitions. Four factions of instrumental music, Wind Ensemble, Concert Band, Stage Band and Orchestra, compose the Marching Band.

The entire Marching Band has won awards at such prestigious competitions as, The All-Western Band Review, The Lester Oaks Band Review and the Santa Ana Band Review. They also highlighted half-time at all home football games. The Wind Ensemble is a group comprised of the musicians selected by their performance in an audition. They perform in district and regional activities. Concert Band provides another opportunity for talented musicians to perform. A fun group for the more jazz-oriented musician is the Stage Band. They often performed at basketball games. The Orchestra is a talented group of strings and winds who perform for festivals and theatre musicals.

Humanities, Ski Club, and F.B.L.A. Accept Various Challenges

Humanities is a club for students interested in attending cultural events in the Riverside-L.A. area. This year Humanities sponsored a Bowl-a-Thon which helped fund their many cultural endeavors. Matt Boyd was club president.

Ski Club members took many trips to snowy peaks this year. Among these were their annual Tahoe trip and several nights hitting the slopes. Jeff DeBellis, Ski Club's president, led his followers on these searches for that precious powder.

The Future Business Leaders of America is an organization designed to help students prepare for a successful future. Business-minded students sponsored such fund raisers as their pancake breakfast, concessions, and program sales at girls' basketball games. The F.B.L.A. also attended workshops at Disneyland and Fontana.

Active Ski Club Members are: Danna Abbott, Donna Abbruzzino, Cara Adams, Kevin Bates, Dwayne Bell, Laurie Benedict, Greg Bingham, Laurie Booth, Robin Borden, Matt Boyd, Lisa Braybrooks, Terry Brenner, Coleen Brewster, Lauri Bromley, Ellen Butkl, Sandy Burns, Jerry Byrd, Ed Byrne, Manuel Camacho, Roxanne Carlos, Rachel Clawson, Curt Conover, Shannon Coco, Finn Comer, Patricia Cornacchio, Chris Chrisman, Caren Danielson, Pat Davis, Jeff DeBellis, Dan Dennington, David Dennison, Emmeline Depillis, Tod Deveny, Terry Dipadova, Deanna Dotta, Carol Dull, Quentin Elliot, Mary Jane Flores, Cheryl Fohrman, Julie French, Patty Gawrych, Cindy Geerlings, Lori Graham, Margaret Gumbleton, Tamie Hallmark, Art Hazelton, Diane Jenkins, Teresa Jezbera, James Dollar, Jill Kross, Chrisann

When the *Koala* Staff invaded the *Spotlight* Newsroom, contrary to popular belief, those average newspaper people weren't ordinary students at all but a host of famous celebrities. No wonder the *Spotlight* was the subject of everyone's conversation every other Friday morning.

Most prominent is Howard Cosell (Robert Graves, Sports Staff) with sidekick "Dandy" Don Meredith (Joe Nelson, Staff Photographer) discussing Monday night football. From the competition Cathy Lee Crosby (Heidi Kamrath, Feature Staff) from CBS sports wonders where Frank Gifford and Vin Scully are? Why Jimmy Jones (Chuck Krieger, Editorial Staff), your average newspaper boy, is in the picture, we have no idea. In front of our local newscasters, Felica Jeter (Kelli Holden, Feature Staff) from channel 4 and Ralph Story (Tom Lowry, Feature Staff) from channel 2, who are trying to figure out the latest gossip from columnist Rona Barrett (Ruby Risse, News Staff) are our dramatic staff members Lou Grant (Robert Johnston, Editorial Staff) and the ageless Mary Tyler Moore (Susie Walker, News Staff). From that popular show "Saturday Night Live" Rosanna Rosanna Danna (Melissa Rowe, Sports Editor) describes the sweat ball hanging from the nose of Jane Curtin (Casey Rafferty, Editorial Staff). With the rising cost of gas, the 1979-1980 KOALA Staff representing PEOPLE from every walk of life, staged a "sit in" at a nearby Texaco station. An amazing conglomeration of "characters" showed up.

Danny Weingart (Ad Staff), far left, boogies down knowing that his electric guitar doesn't use gas. Gary Henderson (Activities Staff), a wild and crazy guy, came to find some swinging chicks. Luckily, he found Dana DiCaro (Ad Staff), a swinging chick. Top Left, Barbara Willis (Business Manager), the dancing gas station manager, makes sure no one tops off his tank. Meanwhile, Carolyn Schlundt (Faculty Staff), forgetting about the high cost of gas, tried filling her tank by putting the gas pump on her tire.

get down to earth. Stephanie Strong (Faculty Staff), remembers when all a girl had to do to get a man was to wear "tennies" and a matching purse. Now she hears they have to give gas coupons. Janet Wight (Sports Staff), the one with the gun, thought this would be an opportune time to hold up Rick Boggio (Activities Staff), the gas station's grease monkey. Businessman Brian Left (Ad Staff), brought a briefcase full of suggestions for lowering gas prices. The syndicate sent mobster, Lynne Bonnard (Activities Editor) and Jeff Myers, "Mr. Big Editor", to see if they might be able to "pump" the OPEC countries ... one way or another. Behind them, Ibbey Cline (Senior Class Editor), stood in the way she wanted a ski lift ticket, Dave Poe (Faculty Editor), joined the group because the thought of not litching every weekend made him sick. He has to get away from it all. Even the "Luebners", Nancy Weingart, and ...

Students Tested Their Skills With Facts . . .

College Bowl. Top left to right: Kevin Rayburn, Robert Johnston, Ric Biedermann, Stephen Herschler, Dan

Weingart, Michael Brown, Scott Cogswell, Jim Lowry, and Jay Butkl.

College Bowl, a club in which its members answered trivia questions for points, competed against sixteen other high schools from Southern California and fared very well. The students were asked "odd topic" questions such as, "How long was the 100-year war?" and were expected to know the correct answers. (The 100-year war was 116 years long—of course.) This club is set up for those interested in trivia and provides fun for everyone involved.

As well as trivia buffs, Poly has a strong literary crowd. The Bear Tracks Staff was made up of students who edited, read, and critiqued written work done by fellow students. The selected works were published in Poly's literary magazine "BEAR TRACKS". The magazine gave the students an opportunity to publish their short stories, poems and essays.

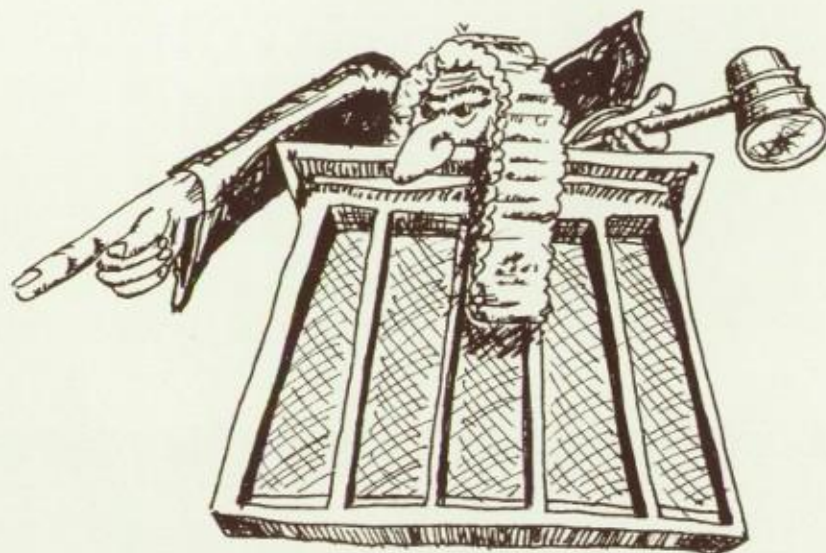

Poly's whiz-kids take time out from their college bowl questions to show us the "we are Devo" look.

The Supreme Court was a new organization this year, brought in by Poly's new constitution. Its members were picked to provide guidelines in case a problem arose that needed constitutional interpretation. Fortunately, there were no problems so their job was minimal.

LUNCHTIME ACTION

**How Do You Spell Relief?
L-u-n-c-h.**

Two Polyites, Lisa Levin and Jenny Pool, wait behind bars for food during one of Poly's famous double lunches.

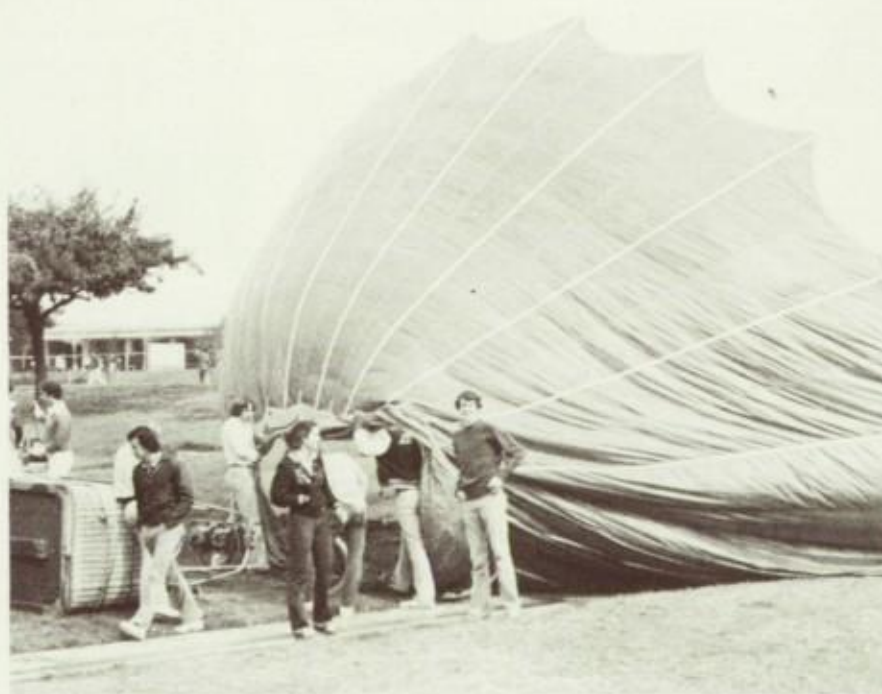

These students are taking advantage of another exciting lunchtime activity — standing in line to be photographed.

Michele Miller and Annemarie Hussey liven' up their lunch period with I.M. Volleyball.

An awesome array of hotrods take hungry students from Del Poly to Del Taco.

"Just keep smiling and pretend you don't notice the strange growth behind you", says Melissa Rowe to Devin Chase.

Don Barry feels it's better for his circulation to eat while standing in the midst of the lunchtime crowd.

It's hard to believe that lunch, the only period of the day in which students were not being lectured to, was often thought of as boring. However, the problem was minimized this year due to careful planning of lunchtime activities. Poly students had many alternatives to the bland "eat lunch" habit, such as double lunches, where they were serenaded by D.J.s' rock and disco music.

Different intramural (I.M.) games were going on throughout the year giving students a chance to display their abilities in backgammon, armwrestling and volleyball. A hot air balloon gave many a lunchtime lift, while others chose to have lunch elsewhere. The holidays and Spirit Week provided an opportunity for participation in exciting relays and contests. Still, some found these activities unappealing and spent their time in cafeteria lines and doing homework.

David "Ivanhoe" Baker and Brian "Zorro" Crance prepare to settle their differences once and for all during lunch on Halloween.

Brian Crance, Tom Cole, and Brad Randel contemplate the idea of getting high — in the hot air balloon.

Students are reluctant to leave the beat of the double lunch rock concert for the beat of the tardy bell.

Poly's 1979-80 Commissions' efforts proved to be successful with Homecoming, College Day, the Mid-Winter Ball and double lunches. For their annual portrait they turned up impersonating international political figures.

Bella Abzug (Jenne Harriss, Freshmen Class President), Gloria Steinem (Michelle Miller, Commissioner of Activities) and Eleanor Smeal (Meredeth Jones, *Koala* Editor) support the proposed Equal Rights Amendment which would remove sex biases. In spite of Ceaser Chavez' (Louie Herrera, M.E.C.H.A. Representative) United Farm Worker's efforts to boycott the cafeteria, it still flourished. Leading the nation through Iranian disputes, rising inflation and another success-

ful peanut crop, President Jimmy Carter (Doug Mackey, Senior Class President) and his family, Rosalyn (Jennifer Muller, Sophomore Class President) and Amy (Kathy Gatherum, A.S.B. Treasurer), contemplate Jimmy's future job security, while Billy Carter (Mike Connolly, Junior Class President) has switched to near-beer since the Reformation. Behind the Carter family is the Prime Minister of England, Margaret Thatcher (Tracie Beld, Commissioner of Pep), who shows the pride and spirit of the British. Pirouetting nearby is Valentina Kozlov (Liz Rines, A.S.B. Secretary) the Russian ballerina, who defected from Russia to gain international fame.

Nuke protestor Jane Fonda (Laurie Schoppe, Girls' League

Commission's Political People

RIVERSIDE COUN

Representative) speculates with Ronald Reagan (Kevin Boling, A.S.B. Vice-President) about the 1980 presidential elections. Shirley Hoffsteder (Donara Donner, Commissioner of Homecoming and Elections), Carter's newly appointed Secretary of Health, Education, and Welfare, contemplates giving her court records to Justice Rose Bird (Mrs. Clarence, Adviser) the first woman California Chief Justice. In front are California's governor, Jerry Brown (Brian Crance, Commissioner of Publicity) and companion Linda Ronstadt (Melissa Rowe, Commissioner of Assemblies and Intramurals) who are planning more African diplomatic retreats between disco fundraising events. Centered is Ede Amin (Willie Cummings, B.S.U. Representative) who is escaping to a long-awaited exile.

POLITICS

Presidential aspirant Ted Kennedy (Geoff Holzrichter, A.S.B. President) steps confidently into the political circle. This year there were debates over declaring Martin Luther King, Jr's (Ronnie Forbes, Speaker of the House of Advisory) birthday a National Holiday.

FANTASY

Girls Have Chance To Make Their Fantasies Come True

This view from the balcony shows the dancers demonstrating their approval of the music performed by "Higher Ground".

It's a white tornado! It's greased lightning! No, it's Jody Whiltchik whirling to the beat.

Cheryl Fohrman and Eve Vasquez express satisfying smiles over picking perfect dates.

Lori Byrd, Rafael Valdez, and Andrea Brown wonder what happened to all the punch.

The ever-popular balcony above the dance floor gave Polyites a chance to observe their peers' disco

and pogo moves as well as a place to rest their feet and talk with friends.

"Wow, I could have had a V-8!" exclaims Leigh Hallisey, while waiting for photographers, Mike Christman, to get Tim Roberts into posing position.

Todd Whitson displays his uninhibited dancing style while Karl Hoffman perfers the "cool" look.

When Paul Uglow speaks ... people listen (especially Susanne Dansie, Joe Powell, and Tami Ashmyer.).

The girls must have made good choices because the Mid-Winter Ball proved to be a huge success. The theme, **FANTASY**, was quite appropriate. Despite the fact that the band, "Higher Ground", was late, dancers enjoyed themselves. The band more than made up for it with their racy encore.

The dance was held at the R.C.C. Student Center on February 2. Couples had an opportunity to sit and talk inside, or out on the patio. Refreshments were available for those who danced-up-a-thirst. There was a photographer taking pictures for couples who wished to buy them. Stunning decorations, by the Activities Council, brought everyone's **FANTASY** to life.

ASSEMBLIES

The assemblies at Poly this year ranged from the ever popular Friday pep assemblies to watching Dr. Seuss movies, so the teachers could have a Christmas party. Pep squad gave at least one rally honoring each sports team at Poly. The rallies purpose was to excite the students for the games.

The traditional Freshmen naming assembly was again held in the gym for security reasons. The class of 1983 was named "Yahoos". The skit, which was made up to present their name, consisted of Seniors throwing pudding at each other. At Homecoming all of the princesses and their excorts were introduced. Also, a skit was presented from each class. December brought two assemblies, the choirs' annual Christmas assembly, which was in the theatre with both Chamber Singers and Concert Choir performing, and Commissions' "Happy Holiday" assembly with highlights including, a "Charlie Brown" Christmas tree and Dr. Seuss' Star Bellied Sneetches. There was a special skiing assembly which gave everyone "ski fever". (A day of school was missed by those with transportation to Big Bear.) Lisa Celse, Jenny Harris and Ronnie Forbes performed at the ventriliquist assembly held during Black History week.

What else can be said about assemblies except they are a welcomed way to relax, miss class, or catch up on homework.

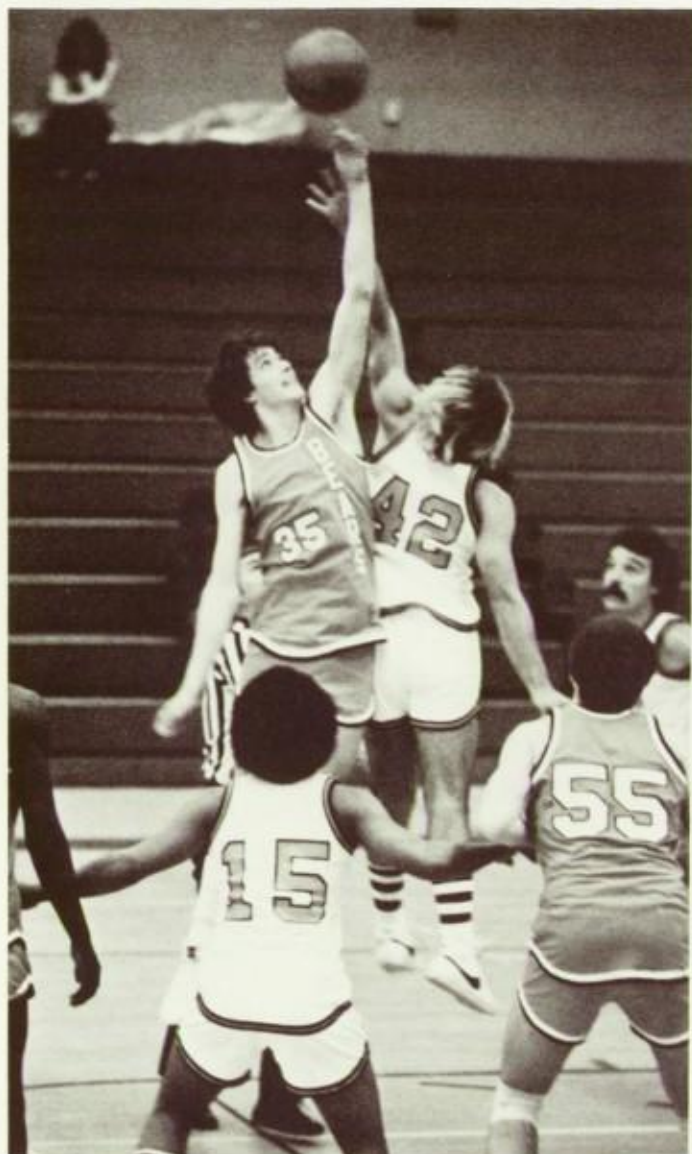

Gave Spirit, Provides Information And A Change Of Pace

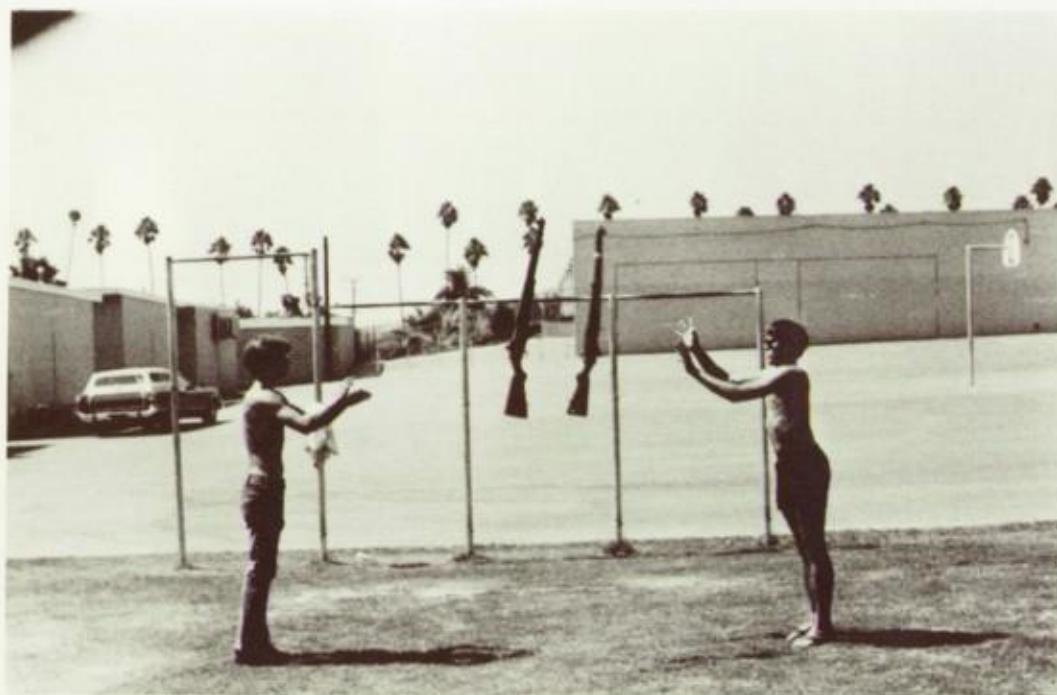

Jill Reves and Tracy Beld lead the enthusiastic Freshmen during the 50's day pep assembly.

Ralph Decker dlpicts the "ORVE" Image in the Junior Homecoming skit.

Robert Graves (35) and alumnus, Jeff Cross (42), leap for the ball in the student/alumnus basketball game.

Jesse Hartman and Rick Schirmer are practicing a tricky toss for their upcoming R.O.T.C. assembly.

Zeus (Brian Crance) narrates the Seniors' excellent performance that won 1st place at the Homecoming assembly.

Ms. Kevin Boling is escorted by Brian Crance at the Homecoming assembly.

Jeff Finch demonstrates his own method of marching at the R.O.T.C. assembly.

ENGLISH

A major goal of the English department is the strengthening of the class, and development of better courses of proficiency. As Freshmen found out, grammar and composition were their main courses of study. Sophomores did a continuation of grammar, but found composition more complex. Juniors received the biggest blow, research papers, and reading American Literature such as *Moby Dick*. Seniors had a choice, a review of their past courses of grammar and composition, or taking college preparatory English. The four classes had wide variety of teachers, but found a slim choice of course offerings.

Body

For many years Poly has sent teams to CIF playoffs and had team members named to Ivy all-league teams, including Robert Leaphart (12), football; Jeff DeBellis (11), Soccer; and Julie Ortman (12), Volleyball. Libby Joseph (10), Girl's Tennis; Melanie Rile (11), Girl's Swimming; Paul Helfrich (12), Water Polo, and Julie Endo (12), Badminton, supplied teams with extra power needed for the playoffs. With outstanding athletes and experienced coaches the outcome is the CIF playoffs. For the first time ever, Coach Ray Halle led the Girl's Basketball Team to capture that coveted title, all CIF Champs 1979. Barry Meier (Football) and Dave Almquist (Water Polo) led their teams to league titles. Girl's Tennis and Swimming, and Boy's Baseball and Soccer, once again, were strong thanks to coaching of Patricia Snelgrove, Vera Stricker, Richard Graves, and Tom Tilson, respectively. Bonnie Hart bolstered Badminton to consecutive league titles. So to the Poly coaches for making these teams what they are, we say THANKS of for a job well done.

"Why do they always send the greenies to me?" mutters Coach Richard Graves.

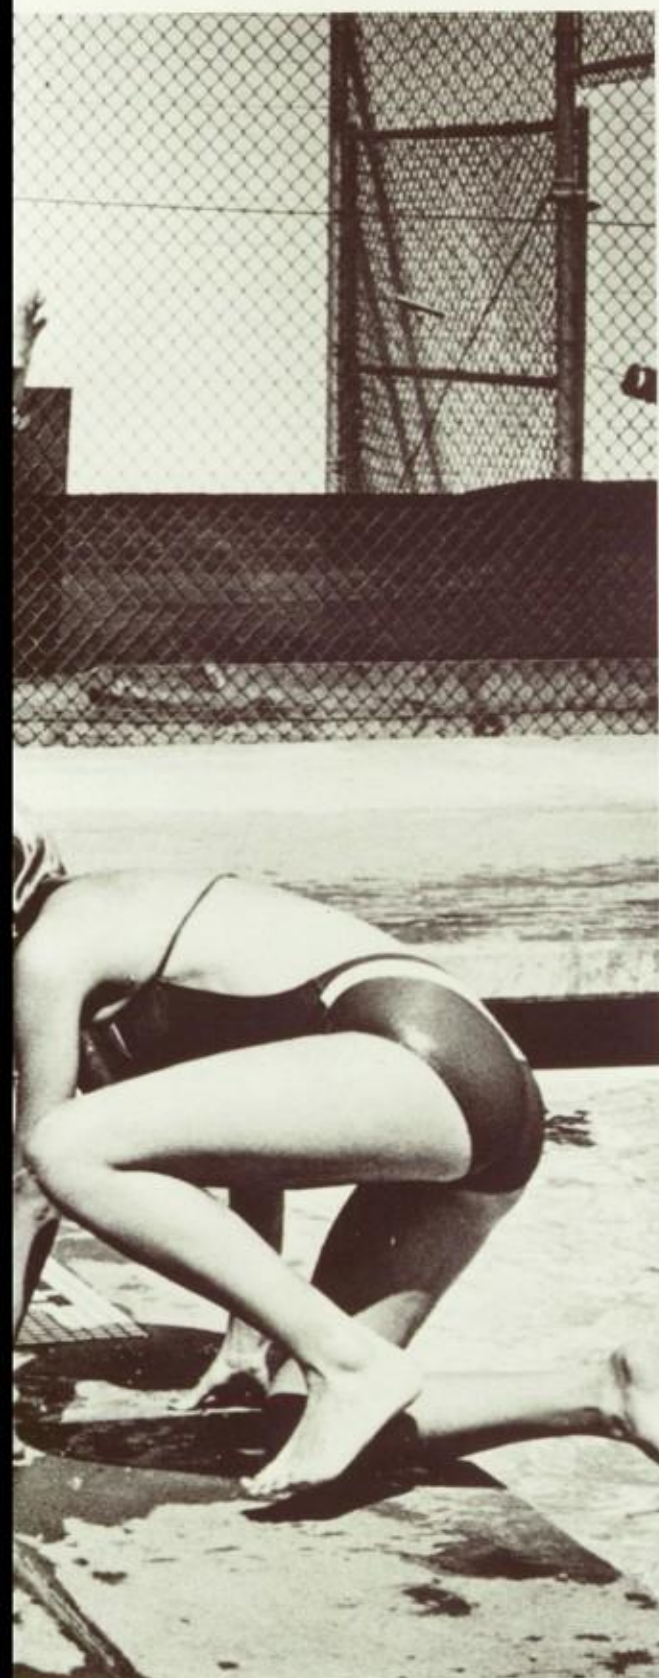

"Snelly" (Mrs. Patricia Snelgrove) gets a kick out of her dance classes.

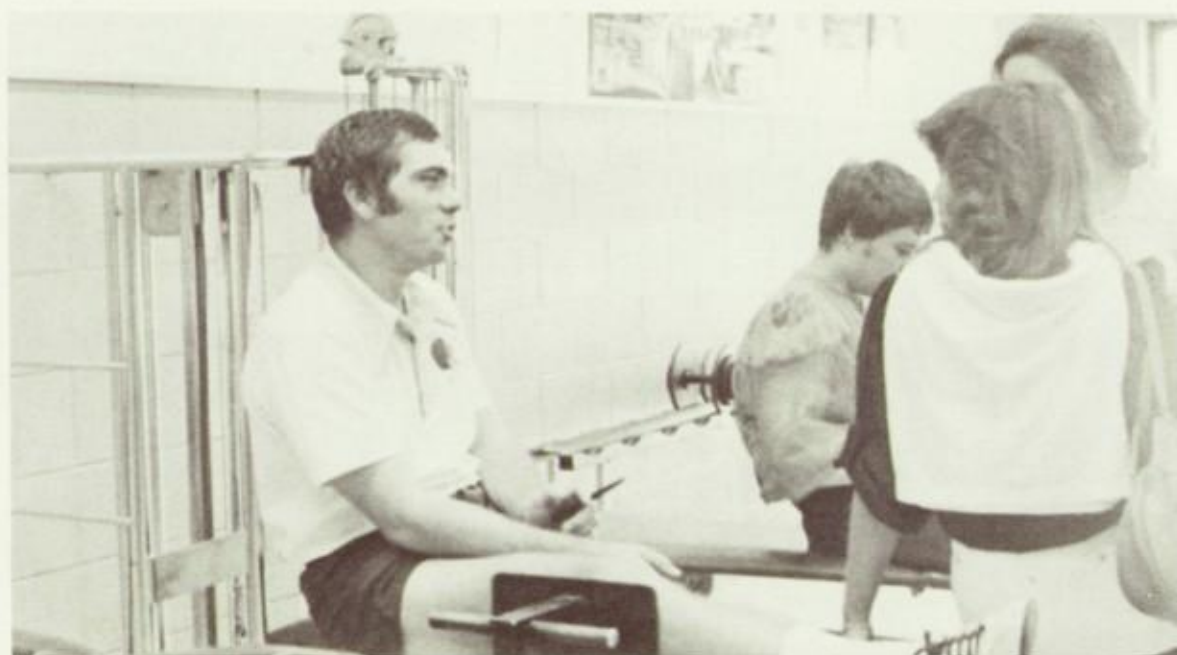

"After 20 laps you'll feel like a new woman," declares Mrs. Jean Spawr.

Builders

Coach Ray Halle racks his brain for a comeback to Mr. Joseph Cummings' Latin quip.

Coach Barry Meier enjoys the fringe benefits that go along with coaching a winning football team.

"Behind you is the famous Poly field. Now take two laps on it," repeats Mrs. Bonnie Hart to all of her classes.

ADMINISTRATION

The members of the board are: (standing) Dr. Roger Ransom, President; Mr. William Wiley, Member; Dr. Clark Cox, Superintendent; (seated) Mrs. Ardice Bailor, Clerk; Mrs. Maxine Frost, Member; Dr. C. Wesley Wright, Vice-President.

Administration Cuts Red Tape

Mr. Joseph Ficarra (vice-principal) dreams up an explanation as to why the ski club took an extra day of winter vacation.

Mr. Joseph Rile, (principal) takes time out of his busy schedule to play "T.V. Poww."

"Please excuse the interruption..." says Mr. Milton Tew, (vice-principal) practicing for another important P.A. announcement.

The Many Faces of

Eagerly waiting to help anyone in the main office are the secretaries (back) Mrs. Wilkin, Mr. Dupont, Bookkeeper, (front) Mrs. Citarella, Mrs. Paulin, Mrs. Coogan, Mrs. Gabriel, and Mrs. Singleton.

Mr. Mitsch poses with his secretaries of attendance, Mrs. Leura, Mrs. Leaphart, Mrs. Horne, Ms. Lee, and Mrs. Granaeda.

Mr. Wentmore counts the profits of ticket selling for the all CIF 1979 Football team.

(Standing) Beatrice Chagolla, Rosalie Click, Virginia Field, Rita Fassotte, Barbara Ugluk, Linda Soria, (sitting) Rosemary Guida, Rae Hudgens, Bess Beckstead, Albina Dinkel, Marilyn Thompson, Eva Flowers, Joyce Kelpackl, Margarete Cowan, and Doris Stroup gather for lunch after a long day's work.

Mr. Del Roberts spoils his "tough" reputation with a grin.

Poly's Administration

"Pack up your troubles and smile, smile, smile,"—George Powell and now Miss Kortendick, 1980.

"Smile, and people will wonder what you're up to," quotes Mr. Harris from a world-renoun bumper sticker.

"Better by far you should forget and smile than that you should remember and be sad,"—Christina Rossetti, says Mrs. Varnell about her years at Poly.

"The tear that is wip'd with a little address, may be follow'd perhaps by a smile,"—Cowper, recalls Dr. Pleas about a year of turmoil.

"Well I remember how you smiled,"—Landor, thinks Mrs. Gregg about the enthusiastic students she counsels.

Dreaming that, "If we do not meet again, why, we shall then smile," jokes Mrs. Boyd.

"First name, last, last name, first," directs Mrs. Guirado, Health aide.

Mrs. Smith gets a good laugh as she and Susan McDonald (far right) look over an evaluation of Juanita Camp's first day of work.

UP FRONT

TO THE TOP

nce upon a time, a flock of young PEOPLE found themselves faced with a new beginning.

These MUNCHKIN PEOPLE, as they came to be called, accomplished great things and suffered many woes during their four years at POLY. Amid a shower of eggs and water, they were christened and accepted (?) into life at POLY. As FRESHMAN PEOPLE, they saw the emergence of the 215 credit graduation requirement. This obstacle was inconvenient, but not

unbearable. As SOPHOMORE PEOPLE, the MUNCHKINS began a tradition, that of being the No. 1 Class. This they did by winning the Homecoming float competition and skit, and planned and put on a spectacular out-of-town prom. This prom was the first out-of-town prom POLY had ever seen. The MUNCHKINS' wise budget-balancing and profit-reaping from dances and fund raisers led them to become the wealthiest class in the history of POLY. This flock of young PEOPLE, now four years wiser after winning the Homecoming float competition for the third year in a row, are faced with the challenge of beginning a new year, for some a new school, and for all a new decade. The Class of 1980 proved themselves to be outstanding, and may have acquired an education in the process!

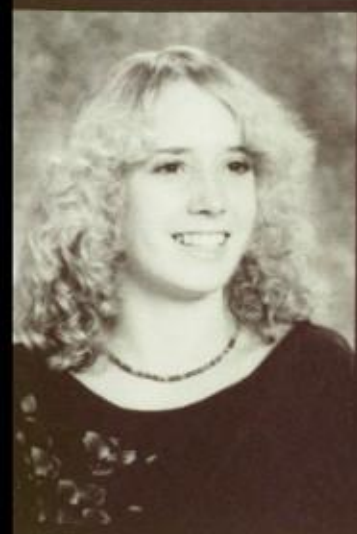

After a year of "hair-raising" experiences, the SENIOR officers managed to "hold on" to their senses. They are (L to R), Carolyn Schlundt, Carol Tourtellotte, Doug Mackey, Laura Arvin, and Cheryl Fohrman.

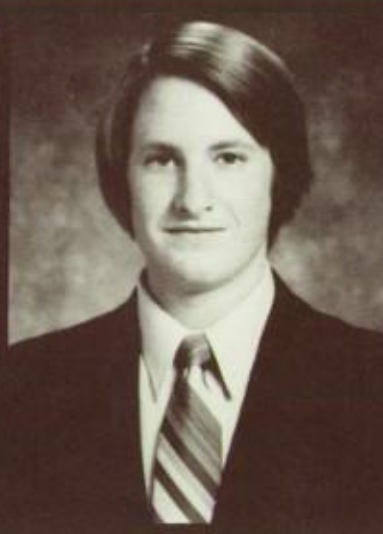

Annemarie Hussey is awakened while recuperating from her last weekend activities.

"Gee, I wish my mommy could see this paper! She'd be so proud of me!" exclaims Doug Mackey.

"Science is a fun class," say's Franca Barricelli,
"Why else would I be in it?"

The class of 1981, better known as the "MUCS" have been an enthusiastic group, showing great spirit by winning many class competitions at the exciting pep rallies. Though many Juniors decided that the excitement of Homecoming was raiding other classes floats, they managed to put together an interesting float, with the theme, "The Olympic Tradition," and participated in the Homecoming picnic. They worked very hard to earn money for the Junior-Senior Prom by holding *many* car washes, dances, and the sales of school mugs. Some students started to take the responsibility toward their future education by taking the N.E.D.T. and P.S.A.T. tests. The Mucs, class of 1981, will soon be number one.

The 1981 class officers (from left to right) Jeff Piper, Social Chairman; Mike Connolly, President; Franca Barricelli, Concessions Chairman; Brandon Gaut, Treasurer; Scott Matulis, Secretary; Victor Martin, Vice President. (not shown)

"In Style" seems to be a very appropriate title for the Poly class of 1982. In spite of their disgusting class name, (PHLEGMI!), they have proved themselves a credit to Poly. After surviving their freshman year, these SOPHOMORES finally learned how to build homecoming floats, and they won third place in the competition. Fund-raising activities included such things as selling candy grams at Halloween, selling ice-cream at Homecoming, and sponsoring dances. The SOPHOMORES have among their number many talented athletes who have added prestige to their class as well as the school. Good luck in your future years at Poly, '82!

FRESHMAN PEOPLE

YAHOOOS have arrived! The newest **PEOPLE** at Poly refused to be thought of as just another **FRESHMAN** class. As always, these newcomers were the recipients of jokes and insults from the upper-classmen. These **FRESHMEN**, however, bravely retaliated with: "We're the best that there can be! We're the class of '83!"

Pictured clockwise on the first page: Van Waggaman, Brett Jacobs, Maria Brandon, Tracy Morrow, Ann Hubbard, Kerri Wiltchik, Tammy Harmon, Norman Pelzer, Dexter Barnett, and others on the **FRESHMAN** float. Second page: Mary Courtney, Jeanne Thoele, John Harvey, Chris Herbst, Mike Harris, Jill Reves, Kristi Moss, David Breen, and Adam Myers.

What Is A Yahoo?

In keeping with ancient tradition, the FRESHMAN class has been given a name by the SENIORS. This title, the YAHOOOS, will follow them through their four years at Poly. But what is a YAHOO? Originating in Jonathan Swift's *Gulliver's Travels*, the YAHOOOS are dirty, lazy, smelly, unteachable creatures. They are human-like in appearance, but for their broad, flat faces, long, red hair over their whole bodies, and claw-like fingernails. Their gross habits include eating rotten meat, walking on all fours, and playing in dirt and scum.

Interesting, disgusting, and unusual answers were obtained from the class of '83 when they were asked "What is a YAHOO?," the more printable ones being shown here. Lea Appleton, taking the more common meaning, says "It is an exclamation of extreme excitement." They are "disgusting crazy people," according to Linda Oakes. Chris Grigsby and Bruce Chase think YAHOOOS "eat their own droppings." Christy Brooks says "a FRESHMAN," and Tina Corvin says "a dumb name the SENIORS made up." Toby White tried to rise above the question and said, "I really don't care." Norman Pelzer pictures a YAHOO as "a little green person with antennas." Jana Brown, however, feels "a freaked-out coolie" is a better description. Tammy Harmison is under the impression that a YAHOO is a "tall person who walks around with floods, and his pimples, and eats peanut butter for breakfast." John Wynne, Kevin Lansdale, and Roger Duncanson express the opinion of many of the FRESHMEN, "I don't know."

The Green Machine goes into action against Colton.

Coach Riley shows his usual charm.

The Varsity Football team had great talent. That talent and the superb coaching of Barry Meier and his staff gained the Bears the Ivy League title, and a number one ranking in CIF. Stars Robert Leaphart and Tim Howard coupled with a hard hitting offensive line, and an awesome defense led the Green Machine to a 9-1 regular season record.

First team All-Leaguers were Robert Leaphart, Steve Garland, Jim Pepper, Tim Howard, Shawn Newell and Mike Hubbard. Robert Leaphart became the first player to ever earn Player-of-the-Year honors on both offense and defense. The hard work during the summer really paid off for the Bears, and they can look back upon a job well done.

Robert Leaphart in the process of becoming offensive player of the year carries the ball.

Coach Berg looks a little concerned about his team's play!

This year's J.V. football team started its season with two disappointing losses to Redlands and San Gorgonio. The Bear J.V.'s then went on a seven game winning streak of six wins and one tie, beating our arch rivals, North, 24-0.

In Ivy League play the bear J.V.'s were undefeated and all alone in first place until the last thirty seconds of the season. With thirty seconds left in the last game, Ramona scored its third touchdown to go ahead 21-20 and hand the Bears their only loss in league play.

The 1979 J.V. football team could best be described by the cliché "110 percent effort"! Their success was based on each player performing to his potential. Improvement was also a contributing factor to the team's success. Quarterback Jeff McCoy, runningbacks Kevin Barnett and Steve Evans, linebacker Steve Redendez, defensive backs Joel Conners, Vance Rogers, and Jim Nelson, and linemen Marc Wilchick, Jeff Myers, and Richard Roland gave their all and improved with each week.

Reggie Clark baffles the opponent with his dazzling moves.

The Freshman football team had a great year. Their overall record consisted of nine wins and one loss.

They're high scoring offense and hard-hitting defense, combined to drive their opponents into the ground.

This year's Freshmen showed a lot of improvment, and will make a strong varsity team in the years to come. Good job guys!

Also showing potential was Cindy Fatten, one of the more aggressive players at the net. The whole team, however, united together to display the spirit and desire to win. Because of the number of young members on the team, there will be many returning players to next year's squad.

This year's basketball team, led by Coach Arlo Gard, rebounded from a slow start and went on to steal the Ivy League crown away from North and Arlington. Team leaders for the season were: Darryl Gowens for rebounds, Wayne White for steals, Robbie Graves for scoring, and Rodney "Toughest in the Nation" Gowens for assists. Together these stars and the rest of the team pooled their talents to form a very good team. **HECK OF A JOB, GUYS!**

Basketball Aimed For The Stars

The Jay Vee Basketball team was an inexperienced squad. The team consisted of nine freshmen and only four sophomores. But the season proved to be successful. The overall J.V. record showed nine wins and five losses. Many of these games, however, were close matches with exciting action in the last few seconds of play. The North J.V. team, for example, was tough competition during both match-ups. The last game against Ramona was also a pressure game with only a one-point difference in the final score. The team, however, never lost their true Poly spirit whether they won or lost. Despite the few set-backs, Coach Hayes led this young team through an exciting and prosperous season.

David Myers dazzles the defending power with his dribbling ability.

CHATTER

Hello again. Today is Thursday, March 6, and it is raining again.

Since last November the United States has been involved in many political controversies. These political upheavals include: the American hostages in Tehran, Iran, who as of today are in their 123 day of captivity; and the Afganistan invasion by Russia. A large sports event, the Summer Olympics, has been affected by the Afganistan invasion. A decision by President Carter and the U.S. Olympic Committee stated that since the U.S.S.R. did not pull their troops out of Afganistan, the U.S. will boycott the Summer Olympics being held in Moscow. Most of the American athletes will support this decision. Another occurrence triggered by the Afganistan invasion was President Carter's suggestion about reinstating the draft for both men and women. A final deicision has not been made, but many people balked at the mere suggestion.

Locally, the excessive rain has caused severe flooding and many people have lost their homes and property.

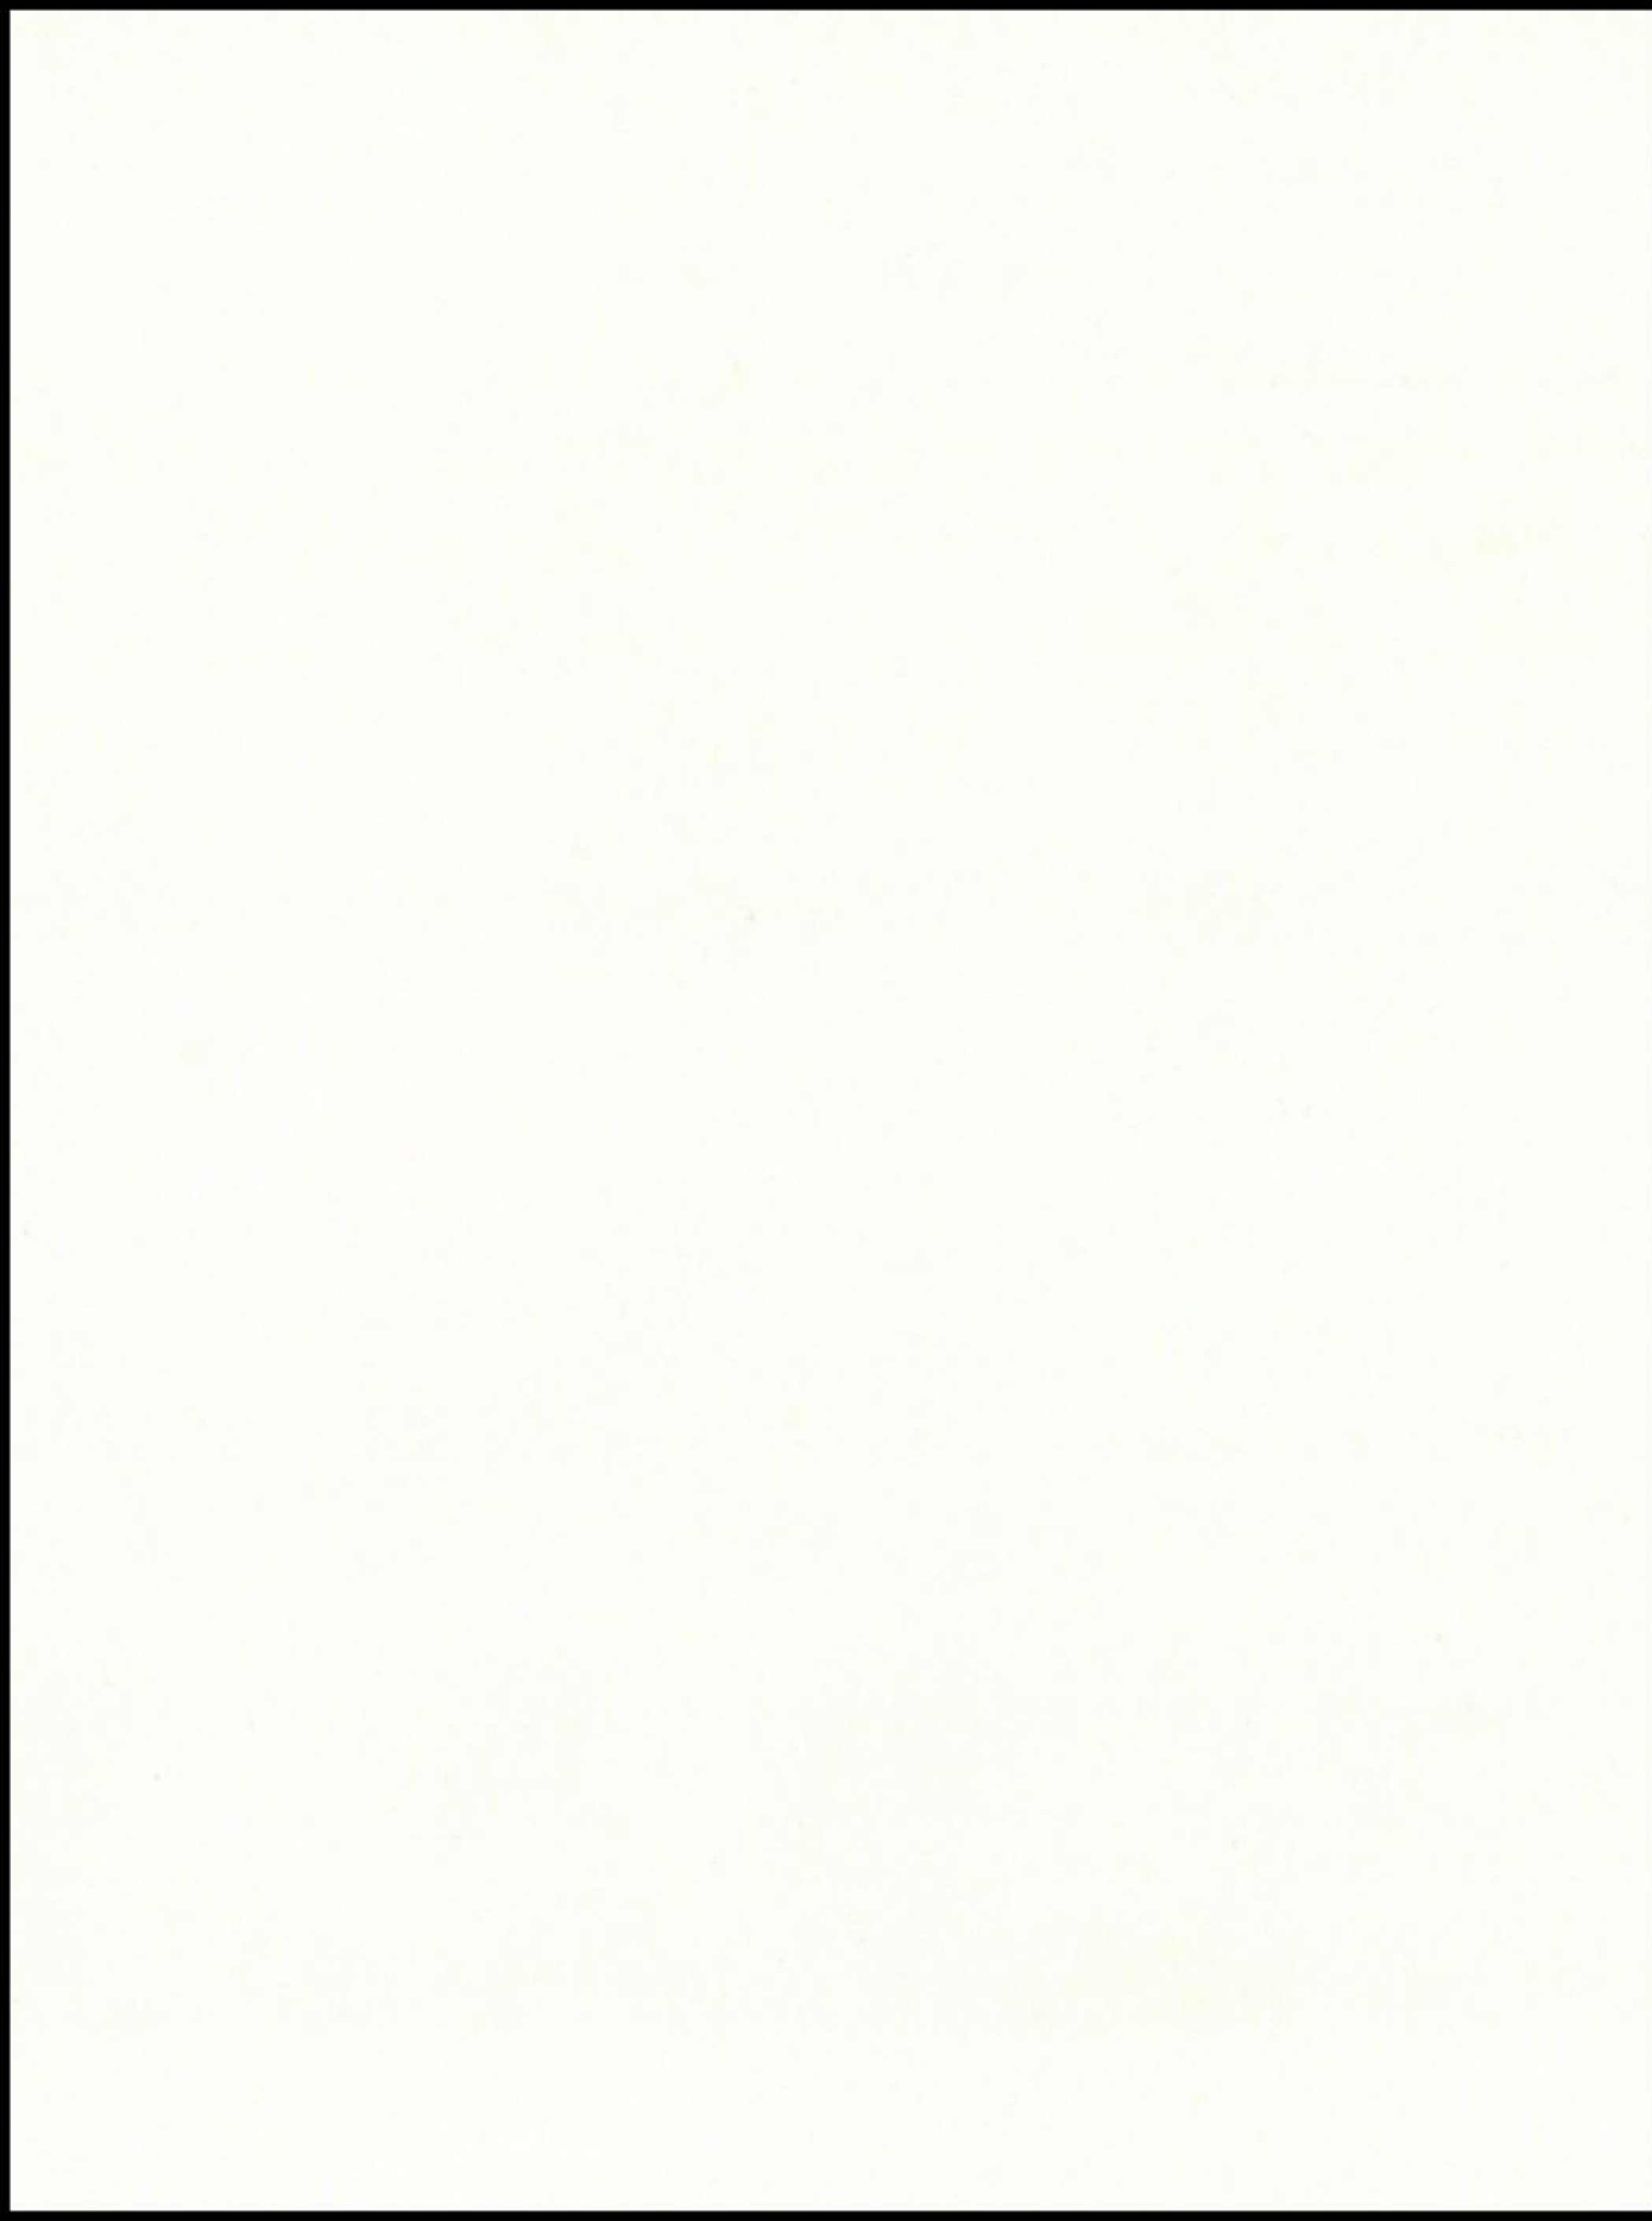

Here at Poly, our outstanding football team won C.I.F., the waterpolo team made it to the C.I.F. finals, the boys basketball team made it to the playoffs for C.I.F., the soccer team made it into the playoffs for C.I.F., the girls basketball team won C.I.F., for the second year in a row, and the girls volleyball team made it to the playoffs for C.I.F. Mr. Rile decided there would be no more Christmas parties because of the disruptions they cause. Commission organized an excellent Midwinter Ball, and also arranged a very successful Blood Drive. The Blood Drive involved 117 students, four teachers, two counselors, and one administrator which totaled 124 participants. Many thanks to all who participated in giving the "gift of life". Finally, the JUNIOR class arranged a super prom at Griswalds in Clairmont, with Giant City as the band. The theme was "The Book of Our Lives", and the theme song was "Longer" by Dan Folgelberg.

Although the gas shortage has affected us greatly, the '79-'80 KOALA STAFF wishes everyone a great summer and good luck next year.

The first part of the paper discusses the importance of understanding the cultural context of the research. It highlights the need for researchers to be sensitive to the values and beliefs of the communities they are studying. This is particularly important in the field of education, where cultural differences can significantly impact learning outcomes.

The second part of the paper focuses on the methodology used in the study. It describes the process of selecting participants, collecting data, and analyzing the results. The authors emphasize the importance of using a mixed-methods approach to gain a comprehensive understanding of the research topic.

The third part of the paper presents the findings of the study. It discusses the results of the quantitative data analysis and the insights gained from the qualitative interviews. The authors conclude that there are significant differences in learning outcomes between the two groups, and these differences can be attributed to cultural factors.

The final part of the paper discusses the implications of the findings for future research and practice. It suggests that educators should be aware of the cultural context of their students and tailor their teaching methods accordingly. The authors also recommend further research to explore the underlying reasons for the observed differences.
